

Connect With Your Audience for an Unbeatable Price!

The Quick and Easy Shortcut for an Effective Online Presence

Send us one or more of your MS Word files and we will make a website directly from your documents. Because you create your own content, you are always in total control. We'll connect your domain name to your home page, map links according to your instructions and upload them to the web. When you need to make changes no problem. Just send us your new or updated documents and we'll upload them. Your monthly or annual fee is based on how often you need to update your content.

Price List

Establish Account

Set Up (one-time charge) \$195.00

As soon as we receive your Microsoft Word or PDF files, we will create your account in our system, upload your documents to our server and connect your domain name to your main page. In most cases, your site will be up within three business days. View and print our [From Word to the Web Guidelines](#) document. It will help you manage images in Word documents and understand links to other pages or other websites. If you still have questions, this set up fee includes limited telephone assistance to get you up and going. **Note:** This fee does not include helping you create your actual content. *It assumes your content is ready to be uploaded.* For extra help, see the "Consulting" category below.

30-Day, 100% Money Back Guarantee – If you are not fully satisfied with the appearance and function of your new PDF website within 30 days of the initial upload of your home page, we will return 100% of your Set Up fee. This guarantee excludes domain names and content consulting.

Register and Connect New Domain Name (first year charge) \$19.00

If you don't already have a domain name, we will register one for you. We work exclusively with GoDaddy for domain name registrations. This fee is for the first year only. The annual renewal fee per name is \$15.00.

Transfer and Connect Existing Domain Name (one-time charge for each name) \$35.00

If you already have a domain name but it is not registered at GoDaddy, we will need to transfer it over before our web servers can work with it.

Maintenance Plans

Annual Plan (flat annual fee) \$49.00

This plan is for relatively stable content that needs only occasional updating. It allows for two updates per year. Example: You have a domain name connected to an information page about your business (an online business card) and a link to one or more articles that you change occasionally.

and maybe a link to and this page also has a link to an article you wrote that functions as educational, pre-sales information for your prospective customers.

Standard Update Plan (flat monthly fee) \$18.95

This is our most popular plan for active marketers. It allows for two content updates per month. It includes receiving your new Word files, converting them to PDF format, uploading them to your online account and testing.

Volume Update Plan (flat monthly fee) \$29.95

This plan is for very active marketers who need to update their content once a week or four times a month. This plan is ideal for posting a weekly coupon or discount deal or for posting a weekly newsletter or bulletin.

Additional Updates (each update) \$9.95

If you need to add more updates than scheduled in your plan, this is the fee for each additional update.

Consulting

Help With Content (Fee for each half hour of help) \$65.00

We will provide help and advice on creating and laying out your content, including dealing with images, links to other pages or other websites and general marketing suggestions.
